Success Story:
Roxana Heredia, Listo Translating Services & More, LLC.

Roxana Heredia worked hard to overcome the language barrier she once faced as a Peruvian immigrant at the age of 18. In 2012, Heredia set out to develop her own language company to ensure that others would not experience those same kinds of daunting difficulties. Heredia's company, LISTO Translating Services & More, a certified Minority, Women, Disadvantaged Business Enterprise, provides top quality translating and Spanish/English courses to businesses and individuals.

Since its inception, LISTO has provided translation services to the Houston Airport System, Christ Clinic, and Que Onda Magazine. Heredia manages an array of translators, interpreters, editors, and proofreaders while also keeping track of the overall translation workflow methodology and interpretation assignment planning. Her linguistic prowess is among the most respected in her industry.
