Re: FY2023 Community Project Funding

Dear Representative Jackson Lee,

I am pleased to write this letter in support of Council Member Tarsha Jackson's application for Congressional FY 2023 Community Project Funds.

The projects listed in Council Member Jackson's application will impact neighborhoods that have suffered historic neglect and are experiencing the effects of deteriorating infrastructure. Many residents in these communities have faced repeated flooding and require improvements to their overburdened urban drainage systems. Others have encountered sewage backups due to inadequate wastewater capacity.

With the support of these Community Project Funds, the City of Houston will be able to provide stormwater drainage improvements, drainage analyses, outfall repairs, and other infrastructure improvements.

Thank you for your consideration.

Warm regards,
