Re: Near Northwest Management District – Alabonson Road Multimodal Safety Improvements Project

Dear Representative Jackson Lee,

I am pleased to offer my support for the Alabonson Road Multimodal Safety Improvements Project.

The Near Northwest Management District is requesting funding through the FY24 Community Project Funding process for the Alabonson Road Multimodal Safety Improvements Project. Alabonson Road between N. Houston Rosslyn Road and W. Little York Road/Victory Drive has failing pavement, unsafe streets, no pedestrian accessibility, and is within ½ mile of five schools. The corridor does not have street or pedestrian lighting and is located on the City of Houston's High Injury network.

The proposed project endeavors to transform existing conditions to improve safety and accessibility through providing a reconstructed roadway, safe and accessible multimodal facilities, and safe intersection crossings.

I support the Near Northwest Management District's pursuit of funding for this important project.

Thank you for your consideration of this request.

Sincerely,

A handwritten signature in blue ink that reads "Sallie Alcorn". The signature is fluid and cursive.
