AT THE BEAUTIFUL

Pine Forest
COUNTRY CLUB
EST. 1945

**Open To
Everyone!**

Proceeds Benefit The Houston Firefighters' Protection Fund

The Houston Firefighters' Protection Fund

Q. What is the Firefighters' Protection Fund?

A. The Houston Firefighters' Protection Fund (HFPP) is a special account through Medilife of Houston, created in 2006 to assist Houston firefighters and their families with incidental, emergency costs associated with long-term hospital care or extensive medical treatment due to injury or illness. In the event of a serious injury or illness requiring at least three days in the hospital, a check will be drawn from the HFPP account and delivered directly to the family by a member of the Firefighters' Support Network. The family receiving this check can use these funds however they wish for whatever they need to provide for their loved ones.

These funds are distributed directly to the members of the Houston Fire Department regardless of union affiliation or any other stipulations.

No money, taxes or otherwise, collected by the City of Houston will be used for this purpose. The protection fund is solely funded by donations to the golf tournament and other private donations.
