Finance Park

SUMMER 2014 SCHEDULE

Taking students into the world of business, JA Finance Park is an economics education program that introduces personal financial planning and career exploration. It is designed to be taught to middle grade students by classroom teachers.

At the culmination of this program, students visit JA Finance Park to put into practice what they've learned about economic options and the principles of budgeting. Assisted by a staff of trained volunteers, they have the opportunity to actually develop and commit to a personal budget.

Summer Food Service lunch will be coordinated.
