

Water Works Education Center

Houston Parks and Recreation Department

Water Works Education Center

JUNE, JULY and AUGUST 2014 SCHEDULE

The City of Houston's Water Works Education Center welcomes all educational groups to explore the wonders of water. The Water Works Education Center promotes water education, conservation and stewardship. Activities may include, understanding the water cycle, exploring wetlands and watersheds, learning water conservation, water quality, water pollutants, water treatment and water distribution.

Summer Food Service lunch will be coordinated.

Made possible by a grant from
National Recreation and Park Association (NRPA)
Take Me Fishing Grant
