

Artist Boat Workshops

Houston Parks and Recreation Department **Artist Boat Eco-Art Watershed Workshops**

2015 SUMMER SCHEDULE

Participants use an interactive watershed model to learn about point and non-point source pollution and the human effects to estuaries, as well as how salt water marshes help to mitigate these effects. Participants also learn about the social and economic benefits of estuaries. Students will be taught the basic techniques of water coloring and they will create a portrait of an animal native to Galveston Bay.

Made possible by a grant from Texas Parks and Wildlife Department COOP Grant

Ages: 12 - 18
