<p>Plummer <b>Motion 2024-0486 – Adopt substitute motion</b></p> <p><b>Substitute amendment attached</b></p>	<p>4.01</p>	<p>The United States is experiencing an increase in extreme weather events, with 2024 marking the most active tornado season since 2011. Texas alone has witnessed 99 tornadoes, the highest in over a decade. Additionally, the summer is forecasted to be one of the hottest on record. Given the unreliability of the Texas power grid during extreme weather, which can result in rolling blackouts and downed power lines, it is imperative that the City of Houston takes proactive measures to protect its most vulnerable residents.</p> <p>In response, the City of Houston has developed a plan for resilience hubs. However, Kashmere Gardens, the only fully developed resilience hub, was unable to function during the Derecho Storm and other extreme weather events due to a lack of electricity. To address this issue, the City will provide the Kashmere Gardens Resilience Hub with a generator capable of powering the entire facility during extreme weather events. This initiative will ensure the hub remains operational and can offer critical support to the community during emergencies. <b>To enhance the resilience of the City of Houston against extreme weather events, the City of Houston shall provide a generator for the Kashmere Gardens Resilience Hub to ensure continuous operation during such events.</b> Cost: \$800,000</p> <p>Funding Source: General Fund Ending Fund Balance, unassigned</p>	<p><b>Request Withdrawal</b> - This is a CIP amendment and Administration requests it be re-submitted when CIP is considered.</p>

<p>Jackson <b>Motion 2024-0495 – Adopt substitute motion</b></p> <p><b>Substitute amendment attached</b></p>	<p>7.01</p>	<p>Healthy ditches are imperative to keep our neighborhoods from flooding. As the city continues to inspect the 2,500 miles of open ditches, Public Works expects the need for local drainage projects to increase, and the funding for LDPs needs to keep up.</p> <p>LDP addresses drainage infrastructure rehabilitation beyond the scope of the ditch re-establishment program. LDP projects typically cost between \$500,000 and \$3 million, and can expand or create new infrastructure where existing infrastructure is inadequate.</p> <p>Increased funding will go towards increasing the total number of projects, and making projects more comprehensive. This will enable Public Works to better and more quickly address Houston's drainage crisis. Funding the LDP program is one step to funding a more equitable drainage system in Houston that gives all residents equal protection from flooding.</p> <p>The City will add \$8 million from the General Fund to the budgeted LDP line item.</p>	<p><b>Request Withdrawal</b> - This is a CIP amendment and Administration requests it be re-submitted when CIP is considered.</p>
<p>Kamin <b>Motion 2024-0496 – Adopt substitute motion</b></p> <p><b>Substitute amendment attached</b></p>	<p>8.01</p>	<p>Description: In light of Proposition A, there is an increasing need for an attorney familiar with City, State, and Federal law to advise and support Council work independently from the Mayor's Administration. This amendment will create and fund the position of an independent legislative legal counsel to assist and advise City Council and their offices on matters of policy and proposed ordinances for consideration. As this is the first year of implementation, the option will be for either the position to reside in the City Attorney's office, or for the City Attorney to contract out to a specialized firm. Any remainder of funds at the end of the FY shall return to the General Fund.</p> <p>Recognizing that the City Attorney has exclusive authority to represent the city (City Code of Ordinances Sec. 2-258)</p> <p>A) \$250,000 shall be allocated from the Fund Balance* for one or more of the following: staffing or contracting for an independent legislative legal counsel to assist and advise City Council, including, but not limited to, advising and drafting ordinances for purposes of Proposition A. This position will be created no later than August 15, 2024.</p> <p>*Note on funding source: City Council recently authorized the sale of city-owned land along the White Oak Bayou Greenway to TXDOT for \$261,051 pursuant to Ordinance 2024-369.</p>	<p><b>Request Withdrawal</b> - Administration believes this can be accomplished utilizing an existing Legal Department vacancy and without increasing the budget.</p>
<p>Kamin <b>Withdrawn</b></p>	<p>8.02</p>	<p>When requested, Council District Service Funds (CDSF) shall be approved for ditch or right of way maintenance along major thoroughfares and areas posing maintenance challenges to the adjacent property owner. Co-author: CM Peck (6.08)</p> <p>Funding Source: CDSF (only when requested by the district council member.</p>	<p><b>Request Withdrawal</b> - The Administration appreciates the city-wide need for better drainage, but there is already a procedure in place to allow all departments, including Legal, to evaluate requests prior to approval. (<i>same as Peck 6.08</i>).</p>
<p>Flickinger <b>Withdrawn</b></p>	<p>10.01</p>	<p><b>Provide City elected officials with an option to opt out of the pension system</b></p> <p>This amendment would provide an option for City elected officials to opt-out of the City's pension system. The non-legacy pension contribution is 8% of an elected official's annual salary.</p>	<p><b>Request Withdrawal</b> - Request would violate state statute.</p>

<p>Flickinger <b>Motion 2024-0497 – Refer to Labor Committee</b></p>	<p>10.02</p>	<p><b>Eliminate the “good attendance” incentive that matches unused accrued sick leave each benefit year up to 1,040 hours</b></p> <p>Employees that belong to the Compensable Sick Leave plan (anyone hired after 1985) and who are actively at work shall receive a biweekly sick leave allowance of 2.50 hours per pay period, up to a maximum of 65 hours per benefit year (September 1 - August 31). The City of Houston currently has a policy to encourage good attendance. At the end of a full benefit year the City of Houston will match any sick leave hours that an employee has accrued but not used during the year. These hours will be added to an employee’s accruals to a maximum of 1,040 hours. At that point, an employee will continue to accrue any unused sick hours up to 65 hours for each benefit year, but the City will no longer match unused hours.</p> <p>The policy as currently written does not promote the health and safety of our employees. It encourages employees to neglect their physical and mental health and ultimately undercuts productivity in the workplace.</p>	<p><b>Refer to Labor Committee</b> - This change could affect previously negotiated labor agreements so the Administration will provide information to the committee within 120 days.</p>

Castillo <b>Withdrawn</b>	13.03	<b>CDSF Project Change:</b> Any significant modification or change to a previously completed project funded in whole or in part by Council District Service Funds (CDSF) requires the approval of City Council if the modification or change would occur within 5 years of the original projects' completion. Significant modification or change is defined as a cost that would exceed 25% of the original project's cost. Approval consists of an affirmative vote of City Council.	<b>Request Withdrawal</b> - Not a budget amendment.
Castillo	13.04	<b>Park Houston:</b> This budget amendment proposes to exempt City of Houston marked vehicles from paying meter fees to eliminate the administrative and financial burden associated with processing reimbursements for metered parking. Meter rates, at their highest, are only \$2.25 per hour, but the cost of processing reimbursements exceeds this amount. Reimbursement through petty cash costs approximately \$7.68 per transaction, while processing through printed check costs about \$32.16.  For example, reimbursing 50 employees would cost around \$1,608, highlighting the inefficiency and excessive costs of the current system. By exempting city vehicles from meter fees, the city can achieve cost savings and streamline operations.	<b>Request Withdrawal</b> - The Administration will implement a change to the Executive Order and report to the Government Operations Committee within 120 days.
Martinez <b>Motion 2024-0504 – Refer to Budget &amp; Fiscal Affairs and Service Delivery Committees</b>	14.01	Establish and assess a one-time fee on new residential development that requires waste service to be provided by the Solid Waste Management Department (SWMD).  The one-time fee shall be calculated by multiplying the number of new single-family dwellings in the development by the cost incurred by the City to deliver a new refuse container (\$26.20 in FY24). The fee shall not be applied to developments with private trash service.  Revenue generated from the one-time service fee shall be utilized by SWMD to support department operations, services, and programming.	<b>Refer to joint Budget &amp; Fiscal Affairs and Service Delivery Committee</b> - The Administration will report on the cost of service assessment as well as feedback from the Planning & Development Department to the joint committee within 90 days.

	4.01	<p>The United States is experiencing an increase in extreme weather events, with 2024 marking the most active tornado season since 2011. Texas alone has witnessed 99 tornadoes, the highest in over a decade. Additionally, the summer is forecasted to be one of the hottest on record. Given the unreliability of the Texas power grid during extreme weather, which can result in rolling blackouts and downed power lines, it is imperative that the City of Houston takes proactive measures to protect its most vulnerable residents.</p> <p>In response, the City of Houston has developed a plan for resilience hubs. However, Kashmere Gardens, the only fully developed resilience hub, was unable to function during the Derecho Storm and other extreme weather events due to a lack of electricity. To address this issue, the City will provide the Kashmere Gardens Resilience Hub with a generator capable of powering the entire facility during extreme weather events. This initiative will ensure the hub remains operational and can offer critical support to the community during emergencies.</p> <p><b>To enhance the resilience of the City of Houston against extreme weather events, the City of Houston shall provide a generator for the Kashmere Gardens</b></p>	Plummer (4)
