Item 42a – continued

- c. Not have any alcohol bottles, beer taps, alcohol service equipment, bars of the type typically associated with the service of alcohol by a bartender, alcohol related signage, or any other indicia of the sale or service of alcohol that may be viewed from the exterior of the hotel through windows, doorways, or other openings; however, this provision shall not preclude the service of alcohol in unmarked or covered containers or barware at patrons' tables in response to customer service orders; and
- d. Not have any outside seating or service areas; this requirement shall not be construed to preclude an interior courtyard restaurant or bar that is completely surrounded by the hotel and is not visible in any manner from the exterior of the hotel.

For purposes of the application of this subsection, the term 'restaurant' shall be limited to a premises operating under a food and beverage certificate issued by the Texas Alcoholic Beverage Commission, and any other type of premises that offers alcohol service shall be referred to as a 'bar.' 'Average daily room rental' equals each day's gross receipts from rental of guest sleeping accommodations, less taxes, fees, and service charges, divided by the number of room rentals during that day. 'Total project cost per room' equals the total project cost for the hotel, including all real estate, design, construction, financing, legal, and other soft costs, divided by the number of separately rentable guest sleeping accommodations. Operation of a hotel bar or restaurant under the provisions of this subsection shall require written approval of the director of planning and development, which shall be granted upon demonstration of compliance with the foregoing requirements. Application for an approval shall be made by the applicant for alcohol license or permit for the premises, who shall additionally be joined by the owner of the hotel and the owner of the land upon which the hotel will be situated if they are not the same persons who will hold the alcohol licenses or permits. The approval shall be in the form of a covenant enforceable by the city that shall run with the land upon which the hotel will be situated and shall be conditioned upon full and continuing compliance with all requirements of this subsection for the duration of the alcohol licenses or permits. The covenant shall be executed by the applicant and duly recorded in the real property records of Harris County at the expense of the applicant. The director of ~~Planning~~ planning and development may issue rules that are consistent with the requirements of this subsection for the administration of its provisions. No certification that may be required from the city by the Texas Alcoholic Beverage Commission or any other authority for the issuance of any alcohol permit or license shall be provided until all requirements of this subsection have been completed."
