Section 3.01 Codes and Standards. Contractor shall perform all Work in conformance with the applicable building codes, the Plans and Specifications, and any manufacturer's recommendations. To the extent of conflict between any of the foregoing codes and standards and the Plans and Specifications, the more restrictive shall apply. Contractor shall obtain and pay all fees for all necessary building permits and inspections required by the City and furnish a copy of same to the Director. If modification of the Work Write-up is required to comply with the codes and standards, then the parties shall negotiate and agree to a modification of the Work Write-up by Change Order.

Section 3.02 Protective Measures. The Contractor is responsible for the care and safekeeping of all materials on the site and all Work until its completion. The Contractor shall bear the risk of loss for damage to a Homeowner's Property (including land, structures, and improvements) due to equipment, vehicles, tools, or operations employed in the execution of the Work under the Work Write-up or Plans and Specifications, and due to exposure to the elements which results from the execution of the Work under the Work Write-up or Plans and Specifications. Except as otherwise provided in the Work Write-up or Plans and Specifications, upon completion of the Work, the Contractor shall clear and remove all surplus materials, equipment, refuse, dirt, or rubbish that has resulted from the performance of the Work under the Work Write-up or Plans and Specifications, at the Contractor's sole expense. Section 3.05 MWSBE Compliance. Contractor shall comply with the City's Minority and Women Small Business Enterprise ("MWSBE") programs as set out in Chapter 15, Article V of the City of Houston Code of Ordinances. Contractor shall make good faith efforts to award subcontracts or supply agreements in at least 12% of the value of this Agreement to MWSBEs. For purposes of this Section 3.05, the value of this Agreement includes the aggregate total of all of the Contract Prices for all Tri-Party Agreements executed by Contractor, including any Change Orders, thereto, authorized by the Director. Contractor acknowledges that it has reviewed the requirements for good faith efforts on file with the City's Office of Business Opportunity ("OBO"), and will comply with them.

Contractor shall ensure that all subcontracts with MWSBE subcontractors and suppliers contain the following terms:

1. _____ (MWSBE subcontractor) shall not delegate or subcontract more than 50% of the work under this subcontract to any other subcontractor or supplier without the express written consent of the City of Houston's OBO Director.
2. _____ (MWSBE subcontractor) shall permit representatives of the City of Houston, at all reasonable times, to perform (1) audits of the books and records of the subcontractor, and (2) inspections of all places where work is to be undertaken in connection with this subcontract. Subcontractor shall keep such books and records available for such purpose for at least four (4) years after the end of its performance under this subcontract. 4. Any controversy between the parties involving the construction or application of any of the terms, covenants, or conditions of this subcontract may be submitted to the OBO Director. The OBO Director may prescribe procedures to provide dispute resolution by neutrals in accordance with the requirements of Chapter 15 of the Houston City Code of Ordinances.

SECTION IV

CONTRACT AMOUNT

In connection with each Project, the City agrees to pay the Contract Price to the Contractor, as detailed in this Section IV:

Section 4.01 Contract Price. The City shall pay the Contractor the Contract Price for the performance of the Work described in the Project Documents for each Project in an amount not to exceed \$200,000.00. Such payments are subject to the Allocated Funds provision and shall only be made from the Allocated Funds as provided in Section 4.04 below. Any changes in the Contract Price shall only result from authorized Change Orders. The Contract Price shall be paid in the form of progress payments, which will be submitted and disbursed according to the Progress Schedule.

Section 4.02 Bid Price. The Contractor's bid price will be binding on the Contractor for a minimum period of at least 90 days from the date the bid is received by the City.

Section 4.03 Change Orders. If the Contractor determines that a change in the Work or Contract Price is required, the Contractor may submit a written change order request that includes the estimate for increases or decreases and an explanation of requested changes. The Director shall review the change order request to determine if the change is valid before authorizing. If the Director elects to authorize the change, the Director will compute the reduction from or addition to the Contract Price- and will authorize the Change Order in writing. All change orders must be submitted and approved in writing. Contractor is not authorized to perform any additional work and the City shall have no obligation to pay for any additional work or change in the Work unless a Change Order is approved in writing by the Director. **The Contractor will not, and shall not have any obligation to, perform any change in the Work until a Change Order has been authorized and issued by the Director.** Under no circumstances may the amount of the Contract Price, plus Change Order exceed the maximum amount of assistance authorized under the Guidelines.

Section 4.04 Limit of Appropriation. The City's duty to pay money to the Contractor under this Agreement is limited in its entirety by this Section's provisions. In order to comply with Article II, Sections 19 and 19a of the City's Charter and Article XI, Section 5 of the Texas Constitution, the City has appropriated and allocated \$833,333.00 to pay money due under this Agreement (the "Original Allocation").

- A. Contractor recognizes that, due to the nature of the HRP, it is not possible to specify the exact allocation of funds necessary for each participating Contractor or Project. More specifically, Contractor will bid on a Housing Rehabilitation, construction or Reconstruction Project along with other contractors in the HRP. Accordingly, it is impossible to ascertain how many Projects and resulting Tri-Party Agreements each contractor will be awarded as a result of the bidding process. All funding will fund the collective Tri-Party Agreements performed by way of the

HRP. The City's duty to pay money to Contractor for any Work completed while participating in the HRP is governed by the terms and conditions of each Tri-Party Agreement which Contractor is awarded, which dollar amount of each Tri-Party Agreement shall not exceed \$200,000.00 without the written authorization of the City Council.

- B. In the event the total allocation is insufficient to compensate Contractor, Contractor may suspend its services at such time as the total allocation is expended, but shall resume such services, if and when authorized by the Director, upon transfer of funds by the Director or appropriation of additional funds by the City Council, when necessary.
- C. The executive and legislative officers of the City, in their discretion, may allocate supplemental funds for this Agreement, but they are not obligated to do so. Therefore, the parties have agreed to the following procedures and remedies:
 - a. The City has not allocated supplemental funds or made a supplemental allocation for this Agreement unless the City has issued to the Contractor a Service Release Order, or a similar form approved by the City Controller, containing the language set out below. When necessary, the Supplemental Allocation shall be approved by motion or ordinance of City Council.

NOTICE OF SUPPLEMENTAL ALLOCATION OF FUNDS

By the signature below, the City Controller certifies that, upon the request of the responsible director, the supplemental sum set out below has been allocated for the purposes of the Agreement out of funds appropriated for this purpose by the City Council of the City of Houston. This supplemental allocation has been charged to such appropriation.

\$ _____.

- D. The Original Allocation plus all supplemental allocations are the "Allocated Funds." Pursuant to the terms of the ordinance approving this Agreement, the Director, in his sole discretion, may also reduce the amount of Allocated Funds under this Agreement, which reduction shall accordingly release the City's obligation and liability under this Agreement for any amount in excess of the reduced amount of Allocated Funds. The City shall never be obligated to pay any money under this Agreement or any Tri-Party Agreement in excess of the Allocated Funds, as reduced, if any such reduction occurs. Contractor must assure itself that sufficient allocations have been made to pay for services it provides. If Allocated Funds are exhausted, Contractor's only remedy is suspension or termination of its performance under this Agreement, and it has no other remedy in law or in equity against the City and no right to damages of any kind.

Section 4.05 Payment and Performance Bonds. The Contractor is required to obtain and provide to the City a payment bond and performance bond, each in an amount equal to the Contract Price, issued by a solvent company authorized to do business in the State of Texas, which is compliant with all legal requirements, as security for the faithful payment of all the Contractor's obligations under this Agreement. The penal sum of the payment and performance bonds shall be equal to the Contract Price as specified in this Contract, or as otherwise specified by the Director.

- A. In the event that the Contractor has not provided payment and performance bonds, the Contractor will not be given notice to proceed and the Work will not begin until said performance bond is provided. If the Contractor is unable to provide a payment or performance bond, the City will choose another contractor.

SECTION V

PAYMENTS; MECHANIC'S LIENS

In connection with each Project:

Section 5.01 General. The sole obligation of the City with regard to payment of the Contract Price shall be limited to compensation for the Work as specified in the Project Documents as such Work or portion thereof is completed in accordance with the Progress Schedule.

In accordance with the Texas Prompt Payment Act, Contractor shall make timely payments to all persons, entities, and subcontractors supplying labor, materials, or equipment for the performance of this Agreement. **CONTRACTOR SHALL DEFEND AND INDEMNIFY THE CITY FROM ANY CLAIMS OR LIABILITY ARISING OUT OF CONTRACTOR'S FAILURE TO MAKE THESE PAYMENTS.**

Section 5.02 Progress Payments

- A. Each progress payment will not exceed the cost set forth in the Progress Schedule for the portion of the Work which has been completed and approved by the City as provided below, and shall be limited to ninety (90%) percent of said cost.
- B. All progress payments will be requested in accordance with the Progress Schedule. When requesting a progress payment:
 - 1. Contractor must submit a Contractor's Request for Payment to the Director.
 - 2. Upon receipt of the Contractor's Request for Payment, the Director will review and verify the Contractor's Request for Payment. Upon the Director's approval of the Contractor's Request for Payment, it will be

processed and payment made to the Contractor as soon as possible but in no event later than thirty (30) days from the date the Contractor's Request for Payment is received by the Director.

3. The City's review, verification and approval process may include field inspections at the Property.
- C. If any mechanic's, materialman's or other similar lien or encumbrance is filed against the Property, or the fixtures, materials, machinery and equipment to be used in the Project, Contractor must discharge the same (by payment, bonding, or otherwise) within fifteen (15) business days following written notice thereof from the Director.
- D. Contactor's application for payment shall reflect the cost for the portion of the Work that has been completed by Contractor, shall include the notarized signature of the Contractor and otherwise be in form and substance acceptable to the Director.

Section 5.03 Final Inspection and Payment.

- A. Upon the HCDD's Inspector being satisfied that all Work is complete, the HCDD inspector will arrange and conduct a walk-through inspection of the Property together with the Homeowner and the Contractor. During the final inspection, the HCDD inspector will discuss the warranty and any other outstanding issues with the Homeowner. The HCDD inspector and the Homeowner will make a list of items that are in need of correction or completion, based upon the Project Documents (the "Punch List"). The Contractor must schedule and complete the Work on the Punch List within five (5) days from the date of the walk-through inspection. When the Work on the Punch List is complete, the Contractor, Homeowner and City's inspector will verify that all such Work has been completed.
- B. Upon completion of all Work on the Punch List and verification of the completion by the Contractor, the Homeowner and the HCDD inspector, the HCDD Inspector will forward the Contractor's Request for Payment for the final payment to the appropriate City office for processing and payment. After the issuance of the Final Payment, the thirty day (30) retainage period shall begin. Upon the expiration of the thirty day (30) retainage period, if no issues are found, and all mechanic's, materialman's or similar liens filed against the Property, if any, have been discharged, the retainage will be released to Contractor.

SECTION VI

TIME OF PERFORMANCE

Section 6.01 Time for Performance. The Work to be performed in connection with each Project shall commence on the date specified in the Notice to Proceed issued in connection with such Project. The Work shall be completed within the time period specified in said Notice to Proceed.

Section 6.02 Major Forces. If performance by the Contractor is prevented or delayed as a direct result of unusual climatic conditions, riot, insurrection, fire, act of nature, or operation of law, the allotted time for the completion of the Work may be extended by one calendar day for each calendar day lost from such cause, provided that the Director approves the extension in writing. The Contractor must notify the Director in writing of the delay and the reason or reasons for the delay within three (3) days after the beginning of such delay. All such extensions shall be documented by a written change order executed by the Homeowner, Contractor and Director.

Section 6.03 Liquidated Delay Damages. The Contractor and the City agree that a breach of this Contract as to completion time will cause damage to the City, but further agree that such damage cannot be accurately measured. Therefore, the Parties agree that \$100.00 shall be subtracted from the Contract amount for each and every calendar day that the Work or any portion of the Work remains uncompleted after the expiration of the time period specified in the Notice to Proceed, or as extended by a change order pursuant to Section 6.02. The Parties further agree that the same amount of liquidated damages stated above shall be paid by the Contractor to the City if any defect covered under warranty is not corrected within the time period set forth under Section 7.03.

Section 6.04 Actual Damages. However, the foregoing provision as to liquidated damages constitutes an agreement by the City and the Contractor as to the minimum amount of damages the City will sustain in any event by reason of the Contractor's failure to complete the Work within the time specified in a Notice to Proceed, or as extended by a change order pursuant to Section 6.02. The City may recover actual damages over and above the minimum amount that result from the Contractor's failure to begin the Work when ordered, carry it forward uninterruptedly after beginning, or complete it within the time specified and in strict accordance with the Plans and Specifications, Work Write-up or Work Order or change orders. The City shall have the right to deduct and withhold the amount of any and all damages, whether it be the minimum amount agreed upon or otherwise, from any monies owing the Contractor. The Homeowner's Grant is not reduced by the amount of the liquidated damages deducted from the payment(s) to the Contractor.

SECTION VII

CONTRACTOR'S WARRANTIES

Section 7.01 Warranty. Contractor expressly and unconditionally warrants that all Work performed under this Agreement shall be done in a good and workmanlike manner, and in accordance with the standards of quality prevailing in Harris County, Texas for rehabilitation, construction and reconstruction services for similar projects at the time such services are performed. Contractor shall perform all work using trained and skilled persons having substantial experience performing the work required under this Agreement. This warranty includes, without limitation, any condition that may impair or tend to impair the safe and normal use, functioning or enjoyment of the Property and which results in any manner from all labor and/or materials used or supplied under the Project Documents for the Project.

- a. The warranty shall not be construed to limit or in any way modify any warranties or guarantees placed upon any material, appliances, fixtures or devices by their manufacturers, or any components for which a longer period of warranty is provided or required under the Project Documents.
- b. The warranty period shall commence on the date of issuance of the Certificate of Compliance for the Project and end 1 year thereafter for a warranty covering workmanship and materials, 2 years thereafter for a warranty covering a mechanical or delivery system, including electrical delivery systems, plumbing delivery systems, ventilation, heating and air conditioning systems, and 10 years for the structural warranty, including without limitation 10 years for major structural components of the home.
- c. The Contractor shall repair or replace, free of cost or charges to the City or the Homeowner, any defects that arise out of defective workmanship or materials which appear within the warranty period, whether or not the materials or equipment are guaranteed by the manufacturer or supplier.
- d. The Contractor shall furnish the Director and Homeowner with all manufacturer's and supplier's written guarantees, warranties and operating instructions covering materials and equipment furnished under the Project Documents for such Project, together with any documentation required for validation.
- e. The Contractor warrants that each item meets or exceeds the manufacturer's specifications and requirements for the equipment, structure or other improvement in which the item is installed.
- f. Contractor warrants that each replacement item is new, in accordance with original equipment manufacturer's specifications, and are of a quality at least as good as the quality of the item which it replaces (when the replaced item was new) and that no item or its use infringes any patent, copyright, or proprietary right.

- g. The Contractor agrees to include this Section's warranty provisions in all of the Contractor's subcontracts for Work under this Agreement. The Contractor further acknowledges that it is not eligible for final payment until such warranties have been delivered to Director with such copy signed by the Director evidencing Director's receipt of such warranty policies.

Section 7.02 Correction of Work under Warranty. In the event that Contractor is notified by the Director or Homeowner of a defect that has arisen during the warranty period, Contractor shall begin to correct the defect within 10 business days after receipt of notification and shall complete the correction of the defect within 10 days thereafter, unless Contractor receives a written authorization from the Director to extend the correction period, but in no event longer than 30 days from receipt of notice of the defect. Contractor shall correct all warranty items within the time frames set forth above, free of cost or charges to the City or the Homeowner, whether or not the materials or equipment are guaranteed by the manufacturer or supplier. Notice of the defect must be given during the warranty period.

Section 7.03 Survival of Warranty Provisions. The terms of this Section VII shall expressly survive the termination of this Agreement. Contractor's failure to address any defect in compliance with Section 7.02 above may, at the Director's discretion, result in a monetary offset from funds owed to the Contractor by the City under any open Master Contractor Agreement, Tri Party Agreement or any other existing contracts or agreements between the Contractor and the City, to cover the amount of funds necessary for the City to correct any defect not corrected by the Contractor under a warranty.

1. If any warranty or representation made by the Contractor in this Agreement is at any time false or misleading in any respect;
2. If Contractor neglects to perform the Work in connection with any Project properly, or in a timely manner, or refuses or neglects to supply proper or sufficient materials or workmen, or fails to perform any provision of any of the Project Documents pertaining to a Project;
3. If Contractor is adjudged bankrupt, makes a general assignment for the benefit of his creditors, or if a receiver is appointed on account of insolvency;
4. If Contractor fails to perform any of its duties under this Agreement or the Project Documents; or
5. If Contractor violates any law or ordinance.

B. If a default occurs, the Director may, but is not obligated to, deliver a written notice to Contractor (with a copy of the notice to the CPO) describing the default and the termination date of the Agreement in its entirety or as to a Project. The Director, at his or her sole option, may extend the termination date to a later date. If the Director allows Contractor to cure the default and Contractor does so to the Director's satisfaction before the termination date, then the termination is ineffective. If Contractor does not cure the default before the termination date, then the Director may terminate this Agreement on the termination date, at no further obligation of the City.

To effect final termination, the Director must notify Contractor in writing, with a copy of the notice to the CPO. After receiving the notice, Contractor shall, unless the notice directs otherwise, immediately discontinue all services and Work under this Contract, and promptly cancel all orders or subcontracts chargeable to this Agreement.

C. If the City terminates this Agreement in its entirety or as to a Project for cause, the City may take possession of the Project site or sites and utilize any and all materials and appliances to be provided under the respective Project Documents which are located on the site or sites to finish the Work. The City shall not prejudice any of the City's rights or remedies under this Agreement or the respective Project Documents, or by law, by terminating this Agreement in its entirety or as to a Project for cause or by taking possession of the site or sites.

D. In case of termination of this Agreement in its entirety or as to a Project for cause pursuant to this subsection 10.02, the Contractor shall not be entitled to receive any payment for any Project until the Work for such Project is completed. Upon completion of any such Project, the Contractor shall be given any balance of the Contract Price less any damages and less the amount of expenses incurred by the City in finishing the Work for such Project, including any costs in addition to or in excess of those originally contemplated in the Project Documents for such Project. If the cost in completing the

Work for any such Project is greater than the original Contract Price, the Contractor shall pay the difference to the City upon ten (10) days written demand.

Section 10.03 Termination Without Cause. The City may terminate this Agreement at any time in its entirety or as to a Project without cause by giving five (5) days written notice to the Contractor, with a copy of the notice to the CPO. In case of termination of this Agreement in its entirety or as to a Project without cause pursuant to this subsection, the Contractor shall submit his final statement for all Work performed through the date of termination for the respective Project or, in the case of the termination of this Agreement in its entirety, for all Projects under this Agreement, which shall be payable in the manner provided in Section V of this Agreement.

TERMINATION OF THIS AGREEMENT AND RECEIPT OF PAYMENT FOR SERVICES RENDERED ARE CONTRACTOR'S ONLY REMEDIES FOR THE CITY'S TERMINATION WITHOUT CAUSE, WHICH DOES NOT CONSTITUTE A DEFAULT OR BREACH OF THIS AGREEMENT. CONTRACTOR WAIVES ANY CLAIM (OTHER THAN ITS CLAIM FOR PAYMENT AS SPECIFIED IN THIS AGREEMENT), IT MAY HAVE NOW OR IN THE FUTURE FOR FINANCIAL LOSSES OR OTHER DAMAGES RESULTING FROM THE CITY'S TERMINATION WITHOUT CAUSE.

Section 10.04 Acceptance of Inferior Work. In connection with any Project, the Director may accept Work that appears to be incorrect if, in the Director's opinion, it is impractical to have the Work corrected. In such case, the Director does not waive the defect, but rather may deduct a reasonable amount for the loss sustained from the Contract Price for said Project. This subsection is not intended to limit the right of the City to recover additional damages as may be permitted under this Agreement, the respective Project Documents or by law.

Section 10.05 Cessation of Work. Upon receipt of a notice to terminate from the Director, the Contractor shall discontinue all Work under this Agreement and all Project Documents for each Project, unless the notice specifies a later termination date or that specific Work be completed prior to termination.

Section 10.06 Authority. An approval by the Director or by any other employee or agent of the City, that is not specifically authorized herein, of any part of Contractor's performance does not waive compliance with this Agreement or establish a standard of performance other than that required by this Agreement and by law.

Section 10.07 Remedies. If the Contractor fails to timely complete the Work under the Project Documents, or fails to perform satisfactorily under the Project Documents, the Director may require Contractor, at its sole expense to (a) repair or replace defective or damaged materials; (b) refund payment for defective or damaged materials and accept the return thereof; and/or (c) take necessary action to ensure that future performance of Work conforms to the Agreement and applicable Project Documents.

Unless otherwise specified elsewhere in this Agreement, the rights and remedies contained in this Agreement are not exclusive, but are cumulative of all rights and remedies which exist now or in the future. Neither Party may terminate its duties under this Agreement except in accordance with the provisions hereof.

SECTION XII

Section 12.01 Assignment. This Agreement shall not be assigned without the prior written approval of the Director. The Contractor may subcontract the Work, however the Contractor shall remain liable for the Work unless an assignment is approved by the Director in writing.

Section 12.02 Amendment. Unless otherwise specified elsewhere in this Agreement, this Agreement may be amended only by written instrument executed on behalf of the City (by authority of an ordinance adopted by the City Council) and Contractor. The Director is only authorized to perform the functions specifically delegated to him or her in this Agreement. Any amendment that does not comply with this provision will be without effect.
