

Anna Reger, Founder and CEO of FlipLok, is a powerhouse in the entrepreneurial world, a dedicated humanitarian, and a passionate advocate for women, children, and the community. With a diverse portfolio ranging from commercial real estate investment to multiple entrepreneurial ventures, Anna has established herself as a serial entrepreneur with a knack for innovation and impact. Her latest venture, Flip Lok, was born out of a deep commitment to safety, particularly for children in schools facing the threat of violence. What began as a solution to protect against school shootings has evolved into a comprehensive safety device for various settings, including homes, offices, and dorm rooms.

Anna's journey to success is marked by resilience and determination. Raised in one of Houston's poorest neighborhoods and overcoming serious injuries from multiple car accidents, she defied the odds to pursue her education and career goals. Starting from earning her GED to obtaining a bachelor's degree from the University of Houston, Anna's story embodies the triumph of the human spirit over adversity.

Despite her remarkable achievements, Anna remains grounded, driven by a deep sense of humility and gratitude for life. She channels her influence and resources into initiatives aimed at ending hunger, raising safety awareness, and supporting special needs causes. Through her volunteer positions and humanitarian efforts, including her recognition with the Humanitarian Award from Operation Smile, Anna exemplifies the true essence of giving back to the community.

Anna's journey serves as an inspiration, particularly to young women facing similar challenges. Her motto, "Never give up," encapsulates her unwavering determination and

resilience in the face of obstacles. As a TedX speaker and advocate for women in business, Anna is paving the way for a new generation of entrepreneurs, proving that with perseverance and a belief in one's dreams, anything is possible.

Beyond her professional achievements, Anna finds strength and joy in her family life. She is married to her best friend and biggest supporter, John, who has been by her side through every triumph and challenge. John's unwavering love and encouragement have been instrumental in Anna's journey, both in life and business.

Anna is not only a dedicated entrepreneur and humanitarian but also a loving mother and bonus mom to six children. Her role as a parent brings her immense joy and fulfillment, and she is committed to providing a nurturing and supportive environment for her blended family. With John's support and their shared values, Anna strives to be a positive role model for her children, inspiring them to pursue their passions and make a difference in the world.
