

MINORITY, WOMEN OWNED, SMALL BUSINESS ENTERPRISE **MWSBE PROGRAM OVERVIEW**

The City of Houston's Minority- and Women- Owned Small Business Enterprise Program (MWSBE) stimulates the growth of local minority- and women-owned business enterprises by encouraging their participation in all phases of City contracts. MWSBEs are supported with training and networking events and promoted with full opportunities to compete on City contracts. Ongoing efforts are intentional to ensure minority- and women-owned businesses are included in all contracting activities awarded through the Housing and Community Development Department (HCDD).

HOUSING AND COMMUNITY DEVELOPMENT DEPARTMENT

Our team of professionals are committed to promoting minority- and women-owned business participation to the maximum extent. HCDD-awarded projects have seen significant increase of MWSBE participation. Contractors are provided necessary tools to achieve program requirements. We host networking events, partner with community organizations on initiatives that encourage MWSBE participation and offer free quarterly Technical Assistance Trainings that teach regulatory requirements and best practices.
