**CITY OF HOUSTON
PARKS AND RECREATION DEPARTMENT**

HPARD
HOUSTON PARKS
AND RECREATION DEPARTMENT
A CAPRA Accredited Agency

Dear Team Manager,

On behalf of the Houston Parks and Recreation Department, I would like to welcome you as a participant in our **Adult Volleyball Program**. **We are excited to start our sports leagues again!**

Our goal is to offer quality sports programming at affordable prices and see that each participant has an enjoyable leisure experience.

Please be sure you and your teammates read the section in this manual on **Reopening Guidelines** on pages 3 - 4, which contains important safety guidelines during the Covid-19 situation.

Also, please read the rulebook at your first opportunity to familiarize yourself with our league's rules and regulations. Also, you will find a listing of online registration dates for each season in on page 5.

We now have an online registration system. You can establish your online account at www.houstonparks.org (Adult Sports Section), but you will not be able to register for a league until the specified registration dates for a specific season. The online registration system was approved by the Mayor and City Council in 2009.

Separate flyers with upcoming registration information, fee changes and rule updates will be sent to you as they become available. You can also visit our department's web site at www.houstonparks.org for additional information as well. Please be sure to advise the Adult Sports Office with ample time if your contact information changes, including email address.

We now have an [HPARD Facebook Page](#) and [Twitter Page](#). We will add updates on league registrations and tournaments throughout the year.

Again, welcome to our program. Wishing you and your team a very enjoyable and successful season.

Sincerely,

Cedric Brooks
Recreation Specialist
Recreation and Wellness Division

Reopening Guidelines:

Overview

As HPARD facilities and programs reopen, the Department will implement a standard set of operational guidelines to minimize risk associated with COVID-19. All facilities, equipment, and supplies will go through a sanitization process before, during, and after opening. Also, as social distancing restrictions are adjusted, program modifications will be made as well. We considered guidelines from the Center for Disease Control (CDC), National Recreation and Parks Association (NRPA), and affiliated organizations while coming up with specific plans for reopening fields, playgrounds, play structures, outdoor exercise stations, and other amenities; as well as league play, tournaments, adult sports, and youth sports programs.

Safety Protocols for Park Users

- Wipe down surfaces before using high touch facilities whenever possible
- Wear masks (face coverings that go over the mouth and nose) whenever possible
- Wash hands or use hand gel sanitizer frequently
- No sharing sports equipment with others
- Avoid yelling and screaming near others, to minimize spread of saliva droplets
- Limit physical contact with others while playing
- Practice social distancing (minimum 6 feet) when using park benches, seat walls, bleachers, walls, bleachers, and dugouts; add chairs if needed and available.

Key Guidelines

- Maximum of 24 players on a field at one time.
- Hours will be limited to three (3) hours, per day, Monday – Friday; and four (4) hours, per day, Saturday and Sunday.
- All participants (coaches, players, and spectators) are not to attend any meetings, games, or practices if they have any symptoms of, were exposed to, or are awaiting testing results of COVID-19.
- Recognize signs and symptoms - if feasible, conduct daily health checks (e.g., temperature screening and/or symptom checking) of coaches, team managers, officials, staff, and players safely and respectfully, and in accordance with any applicable privacy and confidentiality laws and regulations.
- Mask use: wear a mask that covers your mouth and nose when not actively participating in your sports activity (sitting on sideline, stands, etc.)
- Players should bring their own equipment, when possible, to limit sharing. If items must be shared, they need to be cleaned after each use, before and after each event.
- Maintain social distancing from other players whenever possible.
- Practices should focus on individual skill work, drills, etc.
- Players should not gather during downtime (spaced seating away from dugout).
- Any items given to players (Water, snacks, etc..) should be pre-packaged. Players will need their own water bottle.

- Please forego any customary greetings such as handshakes/ high fives, etc.
- Spitting is not allowed and everyone is encouraged to cover their mouth and nose with a tissue when coughing and sneezing. Used tissues should be thrown in the trash and hands washed immediately with soap and water for at least 20 seconds
- Players, coaches, team managers, and spectators are to avoid singing, chanting, or shouting, especially indoors.
- Clean & disinfect any frequently touched surfaces regularly. **SHARED ITEMS:** Clean and disinfect shared objects and equipment (e.g., balls, bats, gymnastics equipment) between uses.

Conduct of participants deemed detrimental to the program will result in such person or persons being suspended from participation in the volleyball program for a period of time as necessary due to the severity of the infraction. Officials are authorized to control the behavior of participants in the program from the time of arrival at the court until leaving the facility premises.

FIGHTING WILL NOT BE TOLERATED. All persons involved in fighting will automatically be suspended for a period of time to be determined by the severity of the fight.

If a team is suspended for fighting or exhibits unruly conduct at any time during the league, **NO REFUND WILL BE GIVEN**, regardless of how many games remain. Proper behavior is required of players, coaches and managers at all times while on park/community center property. This applies to before and after games as well as during games.

Any player banished from the game by the officials will also be ineligible to participate in the next game. The player may remain on his team's bench, but may not direct any remarks towards the official or opposition during the remainder of the game. If a player is asked to leave the park/community center, he may be suspended for remaining games in the season, depending on severity of the incident. If a player does not comply, the team may be forced to forfeit the game and possibly be removed from the league without refund. If a player who was banished from a future game is found playing in that game, the team shall automatically forfeit the game. Officials shall report any actions of players banished from their game to the Adult Sports Office by the next business day.

23. **SCOREKEEPERS**

24. **FORFEIT GAMES**

Any team not ready to play at game time will forfeit to the opposing team. Team must be on the court at game time to be considered present and ready to play. The only exception will be the first game of the night; teams will be given a ten (10) minute grace period. Be aware that the game clock will start at the

scheduled start time (ex. If a game starts at 6:30 and the team requests the grace period, the game clock will be running through the grace period).

Officials will not decide on player eligibility. If a team captain desires to protest the eligibility of a particular player, he/she must follow the procedures set forth in Section 16 of this rule book.

In order to reduce the number of unjustified forfeits by teams, the following rules will be implemented during the 2019 Seasons:

- If a team forfeits 2 or more scheduled dates of games during a 5-Week Doubleheader Season or 8-Week Single Season, the team will be disqualified from the City of Houston Parks and Recreation Playoffs Tournament.
- If a team forfeits 2 or more scheduled dates of games during a 5-Week Doubleheader Season or 8-Week Single Season, the team will not be eligible to register and participate in the next offered season within a period of 1 year. For example, if a team forfeits 3 scheduled dates of games during the Spring Season, they will not be able to register and participate in the Summer I and II Sand Volleyball Seasons. In addition, the team may be deleted from the current league and the schedule to be revised with remaining teams.
- If a new team is formed (within 90 days of becoming ineligible to register for another season), there cannot be 5 or more players on the roster from a team that was previously disqualified by forfeiting 2 or more scheduled dates of games in a season.

Of course, if a team experiences an uncontrollable circumstance that caused the team to have a forfeit (death in the family, car accident, etc.), the Adult Sports Office will review any written appeals with documentation submitted within 5 business days after the scheduled game(s) to the Adult Sports Office.

Officials do not have to work forfeited games. Teams that show may practice until ten (10) minutes before the start of the next game.

25. **OFFICIAL'S SCORE CARD**

Each Team Manager should sign the official's score card after each match. This will insure that all records are correct and have been accepted by both Team Captains. Failure to sign the score card will be an indication that the Team Captain has accepted the score sheet and has forfeited his/her right to review. League standings will be based on the score cards.

26. **RULES OF PLAY**

ALL GAMES WILL FOLLOW THE U.S.V.B.A. RULES UNLESS STATED HEREWITH:

- A. Best two (2) out of three (3) games will constitute a set. Twenty-one (21) points rally wins the game.
- B. CO-ED Division: If the balls are hit more than once, a woman must hit the ball. No more than three (3) men on the court at any one time. You must alternate man/woman on serve. You must have at least two (2) women on the court always or your team forfeits.
- C. MEN'S AND WOMEN'S DIVISION: Six (6) men or six (6) women on the court to play the game.
- D. LEAGUE PLAY: Flip a coin for first serve and then alternate serve on last two (2) games.
- E. If a ball hits the ceiling on serve, it is an automatic out. When the ball is served and, on the opponent's return, the player hits their side of the ceiling, ball is in play; however, on the return, if a player hits the ceiling on the opponent's side, it will be point or side out.
- F. A block does not count as a hit.
- G. The height of the net shall be seven and one-half (7 ½) feet in GAMES.
- H. The coach must stay on the bench at all times during the games. No coaching from the sidelines. Coaching from the bench only.
- I. The officials will call Class A leagues: strict U.S.V.B.A. rules; Class C leagues: will be less strict; Class D leagues will be for fun and recreation. Please consider this when classifying your team for level of competition desired in leagues.

27. **VOLLEYBALL COURT COURTESIES AND PLAYING REGULATIONS**

- A. Team line-ups should be turned in to scorekeeper/official at least ten (10) minutes prior to the schedule without waiting for line-ups between games.
- B. Forfeited games – Should a team not have enough players at scheduled game time, the official will award a victory to the other team for that game. Then, the team will be allowed fifteen (15) minutes in which to produce enough players for the second portion of the match. If none are produced, then the remainder of the match is forfeited. When the first game of the match is forfeited, and enough players show up for the forfeited team to field a team before the fifteen (15) minute time span, the second game will commence immediately.

C. Teams must furnish their own practice balls. Official game balls are not to be used for team warm-ups or practices.

D. Participants are not to be shooting volleyballs at basketball goals. This is a rule set forth by the gym director and is to be enforced. Violation could result in game point penalties.

E. Volleyball is to be rolled under the net when being exchanged by teams (not in play). The official may penalize teams, which throw or hit the ball over the net when making exchange. This is a common courtesy in volleyball and a safety factor that prevents injury to players.

F. Players and coaches not active on the court during play are to remain seated in team bench area. No one is allowed to stand or walk around sidelines during games.

G. Coaching should be limited to time outs. Coaches or players on bench are not allowed to vocally coach from sideline while ball is in play.

H. Unsportsmanlike conduct such as players yelling near the net at Opposing players, which are attempting to hit the ball, will not be tolerated. Officials will enforce this rule and impose penalties as deemed necessary by degree of infraction.

28. **SPECIAL RULES FOR “RECREATIONAL LEAGUES” (COED C):**

A. Spiking will be allowed.

29. **SPECIAL RULES FOR “FOR FUN” LEAGUES (COED D):**

A. There will be no “aggressive spiking” allowed, which could cause an injury to another player. The official will make the call on “aggressive spiking, “with the best interest of safety to players.

30. **COED SAND VOLLEYBALL RULES (In addition to Indoor Volleyball Rules):**

A. **STARTING THE GAME:** There must be 3 men and 3 women on the court at all times. However, if a team has either 5 or 4 players, with a minimum of 2 women, it will be considered a legal game. If a team is short (5 or 4 players), they must still comply with the ball contact rule under Letter D below.

B. **EQUIPMENT:** Teams must provide their own balls and personal equipment. Lines may need to be drawn in the sand. HPARD will provide the nets.

- C. **SUBSTITUTIONS:** Each team will be allowed a maximum of four substitutions on the roster. Substitutions will be limited to four per game. Free substitution is at the server's position. Free substitution, male for male and female for female, will take place at the time of gained service, replacing the next server.
- D. **BALL CONTACT:** The serving order will be an alteration of male and female. When the ball is played more than once by a team, at least one of the contacts must be made by a female player. Contact with the ball while in the act of blocking shall NOT constitute playing the ball. Back line players will not be allowed to participate in front line blocking.
- E. **PARK RULES & REGULATIONS:** All parks rules and regulations must be adhered to.

30. **GENERAL:**

The Adult Sports Office reserves the right to add, delete or amend the rules and regulations or policies for the betterment of the program. Additionally, the Adult Sports Office can approve/disapprove any team name, logo, language or uniform deemed inappropriate, vulgar, obscene or suggestive in order to maintain a wholesome environment conducive to providing quality leisure opportunities.

31. **RAINOUT INFORMATION:**

- Team managers may call the rainout line at (832) 395-7004 after 4:00 p.m. daily to check on field status.
- In an instance where rain may come after 4:00 p.m. the decision to play will be left to the discretion of the umpires at the first game. If the first game of the night is cancelled, the remainder of the games for that night will be cancelled. It would be wise to have representative at the field for the first game to notify team members of any cancellations.
- As many cancellations as possible will be made up in the weeks following the league schedule.
- The Adult Sports Office reserves the right to cancel remaining make-up games if it is determined that team interest is lacking and a champion will be determined on a percentage basis.
- Refunds for games not played during a season will be issued to team managers at the conclusion of each season. Please check your "My Account" section two weeks after the conclusion of a specific season and the refund will be applied to your online account. If you originally paid by cash/check for your team registration, you will need to complete a Refund Request Form 2 weeks after the conclusion of a season. A refund check from the City of Houston will be sent to you within 4 – 6 weeks. If your team has a forfeit(s) no refunds will be given during that season.
- The Adult Sports Office no longer issues credits that can be applied towards a future season.

Concussion Policy and Procedures:

THE FACTS

- A concussion is a brain injury.
- All concussions are serious.
- Most concussions occur without loss of consciousness.
- Concussions can occur in *any* sport or recreation activity.
- Recognition and proper response to concussions when they first occur can help prevent further injury or even death.

A bump, blow, or jolt to the head can cause a concussion, a type of traumatic brain injury (TBI).

Concussions can also occur from a blow to the body that causes the head to move rapidly back and forth. Even a “ding,” “getting your bell rung,” or what seems to be a mild bump or blow to the head can be serious.

RECOGNIZING A POSSIBLE CONCUSSION

To help recognize a concussion, you should watch for and ask others to report the following two things among your athletes:

1. A forceful bump, blow, or jolt to the head or body that results in rapid movement of the head. *--and--*
 2. Any change in the athlete’s behavior, thinking, or physical functioning.
- Athletes who experience **one or more** of the signs and symptoms listed below after a bump, blow, or jolt to the head or body should be kept out of play the day of the injury and until a health care professional, experienced in evaluating for concussion, says they are symptom-free and it’s OK to return to play.

SIGNS OBSERVED BY COACHING STAFF, SPORTS OFFICIALS, OR LEAGUE ADMINISTRATORS:

Appears dazed or stunned
Is confused about assignment or position
Forgets an instruction

Is unsure of game, score, or opponent
Moves clumsily
Answers questions slowly
Loses consciousness (*even briefly*)
Shows mood, behavior, or personality changes
Can't recall events *prior* to hit or fall
Can't recall events *after* hit or fall

SYMPTOMS REPORTED BY ATHLETE:

Headache or "pressure" in head
Nausea or vomiting
Balance problems or dizziness
Double or blurry vision
Sensitivity to light
Sensitivity to noise
Feeling sluggish, hazy, foggy, or groggy

DANGER SIGNS

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. An athlete should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- One pupil larger than the other
- Is drowsy or cannot be awakened
- A headache that not only does not diminish, but gets worse
- Weakness, numbness, or decreased coordination
- Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize people or places
- Becomes increasingly confused, restless, or agitated
- Has unusual behavior
- Loses consciousness (a brief loss of consciousness should be taken seriously and the

participant should be carefully monitored).

WHEN A CONCUSSION IS SUSPECTED

If you suspect that an athlete has a concussion, implement your four-step action plan:

1. Remove the athlete from play. Look for signs and symptoms of a concussion if your athlete has experienced a bump or blow to the head or body. When in doubt, sit them out.

2. Ensure that the athlete is evaluated by a health care professional experienced in evaluating for concussion.

Do not try to judge the severity of the injury yourself. Health care professionals have a number of methods that they can use to assess the severity of concussions. As a coach or team manager, recording the following information can help health care professionals in assessing the athlete after the injury:

- Cause of the injury and force of the hit or blow to the head or body
- Any loss of consciousness (passed out/knocked out) and if so, for how long
- Any memory loss immediately following the injury
- Any seizures immediately following the injury
- Number of previous concussions (*if any*)

3. Inform the athlete's parents or guardians about the possible concussion and give them

CDC's fact sheet on concussion. This fact sheet can help parents monitor the athlete for sign or symptoms that appear or get worse once the athlete is at home or returns to school.

4. Keep the athlete out of play the day of the injury and until a health care professional, experienced in evaluating for concussion, says s/he is symptom-free and it's OK to return to play.

A repeat concussion that occurs before the brain recovers from the first—usually within a short period of time (hours, days, or weeks)—can slow recovery or increase the likelihood of having long-term problems. In rare cases, repeat concussions can result in edema (brain swelling), permanent brain damage, and even death.

Procedure: If an athlete sustains a concussion, a doctor's letter of clearance will be required to be submitted to the Adult Sports Office prior to returning to play in a sports league.
