

**Building Careers.
Changing Lives.**

RECRUIT SKILLED WORKERS FROM HBI'S GULFTON AND ACRES HOME TRADES PROGRAMS

Trained in basic carpentry and electrical trade work, HBI graduates are ready to enter the workforce and contribute to your company's growth and success their first day on the job.

Joining an HBI trades training program, students receive a work-based learning experience combining vocational and academic skills that can help them succeed in any construction job or project.

Students are given:

- ▶ Hands-on training, performing tasks in carpentry or electrical trades
- ▶ Instruction and guidance from journey-level instructors using industry-recognized curriculum
- ▶ OSHA safety training
- ▶ Industry-recognized certifications upon training completion

HBI graduates in Carpentry are trained in:

- ▶ Building walls
- ▶ Installing roof joists, rafters, and trusses
- ▶ Laying roofs with plywood and shingles
- ▶ Insulating, weather-stripping, and caulking
- ▶ Install doors, windows, and more

HBI graduates in Electrical are trained in:

- ▶ Installing circuit panels
- ▶ Installing electrical conduit and wiring for homes and commercial sites
- ▶ Cabling
- ▶ Installing switches, receptacles, and lighting fixtures
- ▶ Systems testing and repair and more

HBI (Home Builders Institute)

HBI is a national leader in career training for the building industry and dedicated to providing employers with the next generation of skilled workers. Our graduates are trained and certified in various construction trades and are available for hire now. Contact us to see how we can help you meet your labor needs.
