Holman under 527? Needs to be reworked Danger!

Need route Pearland to Med Center Hwy 3 to Galveston! Sugarland connection

support for these MTB trails would be amazing!

Sugarland MTB Trail

More Cypress Creek MTB Trail

A safe connection?

Kingwood

Connect Park To Bike Lane Network

Katy Area needs shoulder bike lanes

Bike Lanes Here To Memorial Park

Two in Bike Lane Vehicle

Fix Washed Out Bridge that connects Hike & Bike trails

Incomplete and in disrepair

Connection

Bicycle Boulevard

Bellfort

Clear Lake

GRAB A PEN!

Mark up this map and tell us: Where do you bike? Where do you want to bike? Where are the barriers? What else do we need to know?

Need access to Galleria area

YES!!!...

ALL City buildings need SHOWERS

incentivize private businesses to have showers! (other rooms too! Local "LEED" status?)

Get rid of racetracks inside the city ✓! → no one-way streets with 4 lanes!

I LOVE ONE WAY STREETS!

Several small sections of the Braeswood Bike path are unfinished, meaning you bike, have to walk 100' across mud and then can get back on the bike and it has been like this after the other sections have been completed for 1 or 2 years

Need access to Med center from south of LOOP 610

I would ride to work every if City Hall (county too) & every building had SHOWERS. A lot of employees in most building have told me the same thing. Healthy employees = productive employees

YES!!!...

5-30-2015 ENSEMBLE THEATRE MAP #1

Better transition from S→N Braes @ Buffalo Speedway
" " OFF BRAES @ KELVING
I commute from Westbury to Rice U

BETTER FACILITIES IN MED CENTER: THERE ARE TOO MANY CYCLISTS ON SIDEWALKS SCARED TO USE THE STREET

Very few north - south routes connecting Rice, Montrose, Buffalo Bayou, and Heights

Painted lines on a street are not "bike lanes" need curb at minimum

BIKE LANE ON ALABAMA FROM MAIN ST TO SCOTT - BIKE RACKS @ RAIL STATIONS

Street sweeping of existing bike lanes is critical.

5-30 open house

Kingwood

Clear Lake

The Big Loop - White Oak - Heights - Jersey Village - Hershey

Close Main St to Auto Traffic Downtown Red/Bike Only

All sides crossing at Rusk between Main and Bagby

Missing Big Bike Connection

Shared but very uncomfortable in Museum Park to St Thomas, Menil, etc

Separated bike path, using 50' wide Esplanade on Cambridge

Wyndale LAST 2 lane east-west connection to 610. in an almost 3 mile N-S corridor.

lots of cyclists in Clear Lake but few facilities!

If I could safely cross Allen Pkwy @ Taft in order to reach the Bayou bike paths that would be great.

GRAB A PEN!

Mark up this map and tell us: Where do you bike? Where do you want to bike? Where are the barriers? What else do we need to know?

Katy Area
Kingsland Blvd.
Westgreen.

- BELLAIRE/DAIRY ASHFORD NEED LANES!
- HWY 6 / KIRKWOOD / BRIARFOREST / Eldridge / PINE UNSAFE & NARROW LANES - NEED IMPROVEMENT
- MLK & AIR PORT NEED BIKE LANES
- Under 290 on 34th ... complete to Beltway 8
- Safer crossing @ 7th/Yale and 11th/White Oak

* clearly marked bike transition

** Bellaire, Braeswald and Westpark are the only crossings of the 610 tracks and streams

*** Improved connection between Heights bike path and street

Real bike lane on Heights/Waugh all the way to Westheimer

↓ Safe crossing from north at 610 Oakforest/Garden Oaks or a south onto MKT @ 26th

Almeda needs bike lanes - Dowling needs bike lanes 2nd Ward needs everything

one-way streets and parking lots make the connection a bit of a maze.

Clear Lake

Safety
wear a helmet
Drive awareness

hooks on buses for bikes

Railroad barriers typically take years to advocate that aren't bike friendly

Cars don't know how to share w/ bikes - culture issue

Fix Wunsch bridge wants drive thru intersection to have separated bike lane

Need a safer bike crossing up on the rail yard like Wallop Pat bridge

bike access to commercial retail

safer crossings

Yes!

Yes!

Signage for the South Park / Sunny Side area
- Bellfort - Scott
- Cullen - Yellowstone
- Reed - MYKawa

Pearland Kirby Dr. to Houston Med Center

There is a trail that was being worked on many moons ago. For whatever reason, all we got were a few solar powered lights. Unless you ride MTB,

HIGHEST ELEVATION IN HOUSTON (IT'S A SECRET)

part of this trail (as beautiful & scenic as it is) is much too dangerous for the newcomer & experienced cyclist alike.

Beautify our bayous too!

GRAB A PEN! Mark up this map and tell us: Where do you bike? Where do you want to bike? Where are the barriers? What else do we need to know?

If downtown it's illegal to ride on sidewalks there needs to be signs to make people aware.

Combined lane ONLY

we need much more (on routes + wayfinding + safety comps) signage.
we needs billboard ads about 3ft passing law.

Protected, buffered bike lanes is the only way! provides more green space, too! Protected intersections!
