Third Ward Bikeways Safety Project

Community Mobility Workshop

Date: 06/06/18 | Location: Trinity East Methodist Church

Meeting Purpose

City of Houston hosted a workshop for the Third Ward community to gather input on the priority bike routes identified and listen to any comments or concerns about Harris County's Precinct 1 implementation opportunity. There was a short presentation of the project followed by a break out session where residents were divided into small groups and engaged in an activity and discussions that involved residents identifying key destinations and gaps, stating concerns and goals, and prioritizing proposed and suggested routes.

What we heard...

- Safety, connectivity to key to destinations, parking, routes, and street design considerations were major themes from the meeting
- Desire to connect to Wheeler Transit Center
- Cleburne, Elgin, McGowen, Ennis, Emancipation, Alabama, Blodgett, and Polk are desired routes
- Community is excited about Hutchins, Cullen and Austin/ Caroline routes and would like to see improvements on Polk
- Safety was at the core of most of the design suggestions
- Residents do not want/ like the bulb outs at Hutchins & Tuam

Action items

- **Relay feedback learned from the workshop to project team**
- **Determine feasibility of the priority routes.**
