Eval. Notes: 11/09/2026

BEHAVIOR NOTE: 11/09/26 13:49 Walked with tight leash, spinning in circles out to runs. Hadn't pottied in kennel overnight and when entering his kennel to pull blanket and feed was spinning in circles with fast wagging tail. When passing other dogs in the runs he was forward and tense going up to other dogs. When removing the leash in the run suddenly lunged and was showing teeth, snarling at the other dog standing at the fence. Once leash was off and no longer pulling on his neck, walked off and peed on the fence to mark his spot.
